Drive-in fishing reef planned

Rotary to recap steel belted radials: pompano, flounder to race in Club's 500

By EDGAR PEREZ
Construction of an artificial fishing reef in the Mississippi Sound is under study by a special committee of the Bay St. Louis Rotary Club.

Nicholas (Mac) Haas, committee chairman, said his committee is exploring the possibility of constructing the reef at a distance from Bay St. Louis easily reached by small boats. "We are hoping the reef will be a boon to the average fishermen who just like to go out and catch a few nice ones," Haas stated.

The local Rotarians were inspired by fellow Rotarians in Marathon in the Florida Keys who have recently completed a highly successful artificial fishing reef.

Early this year, after much research and planning, Marathon Rotarians led their fellow townspeople in the building of an artificial reef five kilometers offshore—a reef concocted of old automobile tires punched with holes to reduce buoyancy and weighted with

cement. Rubber tires, discarded in the United States at the rate of 200 million per year, make excellent reefs according to the Florida reef makers. They last indefinitely and release no harmful substances under water, marine

biologists say.

And in some waters without strong currents, weighting of the tires is not necessary.

After obtaining government permission, notably from the U.S. Corps of Engineers and Coast Guard, the Rotary Club was successful in obtaining technical assistance from the Goodyear Tire and Rubber Co., a pioneer in reef building with old tires.

Goodyear donated the tire-punching equipment and skilled personnel that made the Marathon project possible, according to an article in the November issue of The Rotarian, official publication of Rotary International.

Young people, businessmen, and other volunteers of all ages helped collect, punch, compact, weigh and bale 5,000 tires into modules of six or more, load them onto an old naval vessel, tow them to the site, and roll them overboard into the deep.

Six months later, divers inspecting the "seedling" reef found it well-encrusted with marine flora and fauna.

In addition, the divers found the reef busy with small fish, their larger predators, and greater and more colorful concentrations of tropical species than seen on most coral reefs.

County authorities now operate the reef and recently voted to extend the reef with a million more tires, as well

as scrapped autos, stoves and refrigerators from up and down the Florida Keys.

Biologist Richard Stone, a U.S.

government authority on "sunken junk," said artificial reefs are nothing new with evidence of their use in 18th

(Continued on Page 4)

ARTIFICIAL FISHING REEF—Worn-out automobile and truck tires, a blight on the landscape, become a fashionable residential neighborhood for fish when lashed together and sunk to form an artificial reef. Construction of such a boon to local fishermen in the Mississippi Sound is under study by a committee of the Bay St. Louis Rotary Club.

Alcan investment likely to exceed \$5 million in Bay plant activation

by JAKE JACOB
Milo T. Oakland, vice president-operations, Alcan Cable Division, Alcan Aluminum Corporation, with offices in Atlanta, Ga., said here this week that

he is committed to bring the Bay St. Louis plant on Railroad Ave. into production by January 1, 1979.

In possession of an "absolute go ahead..." Oakland said he is aiming at

achieving production status in the fourth quarter of next year (1978).

Hiring for the plant, expected to house a work force of approximately 50 employees, working around the clock, five days a week, is expected to begin in July or August.

Training will be provided by the company and prospective employees will be expected to have some mechanical ability, a base knowledge of mathematics, and be of average intelligence.

"We don't require anything very

special, just average people willing and wanting to work," Oakland said.

With the operations vp were Joseph H. Rieger, division controller, and Ira Hartzell, Bay site manager.

President of the cable division is Jack Robinson, also in Atlanta.

Head office of Alcan Corporation is in Montreal, Quebec, Canada. The U.S. company, Alcan Aluminum Corporation is based in Cleveland, Ohio.

The entire company's world wide sales last year amounted to \$3 billion, with \$1 billion of this effort credited to the US effort.

The Cable Division, under whose auspices the Bay plant will operate, has three plants. One is located at Williamsport, Penn., the second at Tucker, Ga. (in the greater Atlanta area), and the Bay plant is the third.

Less than 10 percent of the finished product expected to originate in the Bay operation will be sold in Mississippi, the balance being shipped by road and rail to a 38 state sales area.

Alcan has presently put about \$700,000 into renovations into the old Industrial Enameling Building since assuming existing obligations in 1975. It was at that time expected to begin operations in 1976, a facet of company expansion delayed due to the business recession experienced at that time.

Early last week Alcan received the endorsement of the City of Bay St. Louis for the issuance of \$3.5 million in in-

Chamber elects new president

The Hancock County Chamber of Commerce Board of Directors on Friday elected Richard (Dick) Thomas of Bay St. Louis as its new president, Randolph Bourgeois, vice-president, and Mary M. Perkins, treasurer.

The Chamber membership elected new board members by mail ballots, also tallied Friday. The following directors were elected, Richard (Dick) Thomas, Randolph Bourgeois, Nel Frisbie, James Ginn, John (Jimmie) Larroux, all of Bay St. Louis, Milford Lady of Waveland, James Rester of Leetown, and A. J. Tournier of New Orleans.

New board president, to be sworn in

THE SMILES OF THE VICTORS—There was jubilation among Hancock North Central Hawks Friday night in their victory over the Pass Christian Pirates. The 15-14 victory over the Pirates gave the Hawks a perfect regular season for football history at HNC. See story on Page 6-A. (Staff photo - Randy Ponder)

Finish season 10-0

HNC Hawks steal wind, Pirates left 'in irons'

By ELLIS CUEVAS

The high flying Hancock North Central Hawks defeated the Pirates of Pass Christian, 15-14, before a capacity crowd in the Pirate stadium Friday night, after being down 14-0 at the half.

A key two point conversion on a pass from quarterback Vincent Adams to Mark Ladner after the Hawks scored their first TD was the difference in the game.

After the game ended in talking about the two point conversion, coach Irvin Favre said, "It's a spur of the moment decision to go for the two points, we had worked the play before."

The Pirates kicked-off to the Hawks to start the second half and Dentist Nelson ran it from his 15 to the Hawk 47. It took the Hawks only seven plays to roll in for their second touchdown to even the score. Greg Ladner going in

from the ten. The important extra point that broke the 14-14 tie was off the boot of Rocky Cuevas with Greg Strief holding.

Sophomore fullback Larry Peterson chalked up an 18 yard gainer up the middle that was important on the drive for the winning TD. Peterson saw action for the first time this year for the Hawks and coach Favre was pleased with his play in the game. He had several runs that kept the Hawks rolling.

The Hawks have gone undefeated in regular season play for the first time in the school's history. As the final whistle blew, the Hawks were chanting "We're number one," and later before they boarded the buses were chanting, "Here we go Pickle Bowl."

(Continued on Page 6)

ALCAN CABLE team stands inside rehabilitated building on Central Ave., Bay St. Louis, after telling of company's intended production activation plans. In group are, from left, Joseph H. Rieger, division controller; Milo T. Oakland, vice president-operations; Ira Hartzell, site manager. (Staff photo - Jake Jacob)

Waveland pair charged with city burglaries

By EDGAR PEREZ
A court hearing for two Waveland men charged with burglary was continued for one week in Waveland City Court Thursday night.

The continuance was granted by Judge Lucien Gex at the request of attorneys for the defendants.

Charged with two counts of burglary is J. Joseph Fountain, 23, of 617 Victoria St. Roy Jeffery Sims Jr., 21, of 633 Victoria St. is charged with one count of burglary.

Police said the pair is accused of burglarizing a residence at the corner of Elaine and Arnold Streets in Waveland last month.

Gas rates face 25% mid-winter increase

by JAKE JACOB
The cost of home heating by natural gas in Hancock County will take yet another climb in 1978, according to a letter received by the City of Waveland.

United Gas Transmission, supplier to Waveland and to Bay St. Louis, gas prices will escalate an additional 25 percent on January 1.

Waveland has announced its intentions of absorbing the increase, an item provided for in the city budget. Bay St. Louis, plagued with financial problems, is more likely to have the pass the increase straight down to the consumer.

Mayor Larry Bennett of Bay St. Louis told council last week that since 1975 the price of 1000 cubic feet of natural gas from United has jumped from \$38.95 to \$143.85.

"I just don't know what we are going to do this winter," Bennett said at that time.

Waveland Mayor John Longo, Jr., said the raise is not effective until January 1 and will not reflect in a billing to the city until February. "By that time the hardest part of the

winter should be over, and in addition, we should have enough funds accumulated by then to take care of it since we planned for the increase in the budget," he said.

Longo did however add a note of caution concerning the city's allocation of funds.

(Continued on Page 4)

MHP switches to Channel 9 for emergency

Bill Massey, Director of Communications for the Mississippi Highway Safety Patrol, says at 0000 hours on Nov. 14th, the Mississippi Law Enforcement Citizens Radio Network (MELER) Channel 21 will begin operating on Channel 9.

He said at that time, all Mississippi Highway Safety Patrol radio channels will begin monitoring Channel 9.

Mr. and Mrs. Douglas H. Alford united in double ring ceremony

Miss Deborah Ann Ginn, daughter of Mr. and Mrs. James R. Ginn of Bay St. Louis, became the bride of Douglas Holt Alford of Gulfport, at an afternoon Nuptial Mass Sunday, Nov. 6, at Our Lady of the Gulf Catholic Church.

The bridegroom's parents are Mrs. Bette Alford, New Britain, Conn., and Lauritz L. Alford, Nashua, N.H.

Rev. Msgr. Gregory Johnson performed the double ring ceremony before an altar decorated with arrangements of white fuji mums, tangerine carnations, autumn leaves and lighted tapers, flanked by standing gothic candelabra and palm greenery.

Scripture readings were by Miss Lisa Yockey of Pass Christian and Miss Mignon Forstall of New Orleans, La.

Mrs. John McKenna, organist, provided nuptial music and Dennis Arnold, vocalist, sang The Wedding Song, Ave Maria, How Great Thou Art and Prayer of St. Francis.

Given in marriage by her father, the bride wore a traditional gown of ivory peau de sole featuring princess styling with sheer sculptured yoke edged with appliques of Alencon lace re-embroidered in seed pearls and long sheer tapered sleeves with buttons at the wrist. Lace appliques embroidered with pearls enhanced the full skirt bordered with lace which extended to a chapel length train. Her elbow length veil of illusion, edged with lace, fell from a pearl sprinkled lace capulet.

She carried a bouquet of silk orchids, fuchsia and lily of the valley with variegated ivy and ribbon streamers on a mother-of-pearl prayer book; gift of the groom.

Miss Letitia Jane Haas, Bay St. Louis, attended the bride as maid of honor.

Bridesmaids were Miss Lori Sallinger, Bay St. Louis, and Miss Nancy Hathaway, Waveland. Miss Michelle Wilson, Sibley, La., cousin of the bride, was junior bridesmaid and Cathy Ginn, Bay St. Louis, cousin of the bride, served as flower girl.

They wore flowing gowns of burnt orange chiffon featuring chignon capelets. Cumberbands, encircling the waistlines, ended in self-bows at the back. They carried baskets of autumn-toned silk and dried flowers with brown velvet ribbon streamers and

wore hairpieces of matching flowers.

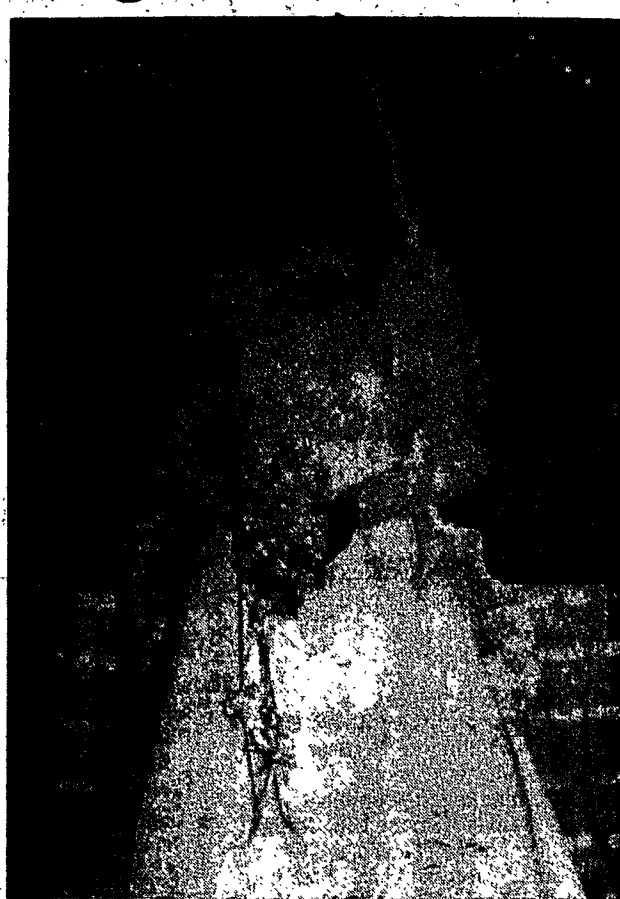

Michael Matheny, Gulfport, attended the groom as best man. Groomsmen were Mark Jones, Long Beach, John Carmack and David Ivey, Gulfport. Rick Collins, Gulfport, and Tony DiLorenzo, Long Beach, served as ushers. James Ginn II, brother of the bride, was ring bearer.

The mother of the bride chose a floor length toast color quana gown fashioned with a cowl neckline, coordinating jacket, gold accessories and an ivory silk orchid corsage. Mrs. Alford wore a dusty blue jersey knit gown featuring a keyhole neckline and self tie bow and a white silk orchid corsage.

A reception was held at the home of the bride. The ivory skirted bride's table held a four-tiered cake trimmed with ivory spun sugar roses with arrangements of fuji and pom-pom mums in lighted candelabra on either side.

Mignon Forstall presided at the cake table and Lisa Yockey kept the guest register. Tea girls were Misses Jennifer, Elizabeth and Laura Haas.

For traveling the bride wore a pale yellow two piece wool

MRS. DOUGLAS H. ALFORD

knit suit, natural accessories and a corsage of yellow roses and carnations.

Following a wedding trip to Orlando, Fla., the couple will reside in Gulfport.

Nuptial mass at OLG unite Mr. and Mrs. Nelius A. Favre

Miss Elizabeth Chevis, daughter of Mr. and Mrs. John C. Chevis of Bay St. Louis, became the bride of Nelius A. Favre, Jr. son of Mr. and Mrs. Favre, also of Bay St. Louis, at a nuptial mass Friday evening, Oct. 21, in Our Lady of the Gulf Catholic Church.

Rt. Rev. Monsignor Gregory Johnson, pastor, assisted by Rev. John Noone of Gulfport, performed the double ring ceremony before an altar decorated with Gothic candelabra and flanked by standing arched candelabra.

Mrs. John McKenna, organist, played the traditional wedding marches and a program of selections including: Sunrise-Sunset; More, Ave Maria, and The Wedding Song. Readings of the scriptures during the ceremony were done by George Proulx and Rev. Noone.

Given in marriage by her father, the bride wore a formal gown of Chantilly lace over satin, fashioned with a round neckline outlined with lace and centered with a lace rose applique. The long full sleeves ended in a fitted lace cuff, and the full skirt bordered with a wide ruffle, fell into a cathedral length train. The bride's veil of illusion, edged with matching lace, was held in place by a lace covered headpiece adorned with seed pearls. She carried a bouquet of Woburn Abbey roses, straw flowers, baby's breath, and golden and bronze pom-poms.

Mrs. Celest Proulx, Blytheville, Arkansas, attended her sister as matron of honor. Bridesmaids were Mrs. Debbie Chevis, Bay St. Louis, Mrs. Kathleen Morel,

Buras, La., and Mrs. Lynette Carbon, Bay St. Louis. They wore floor length dresses of rust colored quana and headpieces fashioned of small straw flowers. They carried bouquets of straw and silk flowers, and baby's breath in fall colors.

Jennifer Proulx, niece of the bride, served as flower girl. She wore a rust colored quana dress with an overlay of candlelight-embroidered eyelet lace. Her headpiece was a wreath of straw flowers, and she carried a basket containing flowers similar to those of the bridesmaids.

Edward A. Favre, Bay St. Louis, attended his brother as best man. Groomsmen were Michael Favre, John C. Chevis, Jr. and David Wiggins, all of Bay St. Louis. Ushers were Alvin LaFontaine and Jerry Wiggins, both of Bay St. Louis. Billy Chevis, nephew of the bride, served as ring bearer.

The mother of the bride wore a green A-line knit and chiffon dress with silver accessories. She also wore a green cymbidium orchid corsage. The mother of the groom chose a yellow chiffon dress with a yellow cymbidium orchid corsage and tan accessories.

A reception was held at the American Legion Hall in Bay St. Louis. The bride's table, overlaid with a candlelight lace cloth, held a five tier cake trimmed with off white spun sugar roses and fall colored leaves. Candelabra holding flower arrangements in fall colors were on either side. Mrs. Inez Pope presided at the cake table.

Karen Chevis, niece of the bride, served as a tea girl. Misses Julie Proulx,

Blytheville, and Lori Champagne, Biloxi, presided at the punch bowl. Mrs. Terri Favre and Mrs. Denise LaFontaine, both of Bay St.

leBourgeois; Mary Anne Ladreyt and daughter, Mr. and Mrs. Bill Irwin, Roy and Debbie Gilmore and son, and Mrs. Azalie Hale.

MR. AND MRS. NELIUS FAVRE, JR.

Louis, kept the guest register.

For her wedding trip to the Smokey Mountains, Tennessee area, the bride wore a teal blue dress with camel colored accessories.

The couple will make their home in Bay St. Louis.

Out of town guests were Mr. and Mrs. George Proulx and family, Mr. and Mrs. W. H. Chevis, Dr. and Mrs. Will Johnston, Mr. and Mrs. Leighton Chevis and son, Tom Mattinson, Mr. and Mrs. Emmett Niolet, Miss Lori Champagne, Mr. and Mrs. Gilbert Schmidt, Sr. and family, Mr. and Mrs. James Sticker and family, Mary and Gil Schmidt, George and Mary

Mr. and Mrs. Raymond Necaie married in Sacred Heart Church

Miss Wanda Lee Farve, daughter of Mr. and Mrs. Willard Favre, Rt. 1, Pass Christian, and Raymond Doyle Necaie, son of Mr. and Mrs. Wilton J. Necaie, Rt. 1, Pass Christian, were married Saturday afternoon, Oct. 29, at Sacred Heart Catholic Church, Dedeaux.

Rev. W. J. Vollar performed the double ring ceremony. Mrs. Becky Albritton, organist of Gulfport, and Mrs. Marilyn Smith, vocalist of Long Beach, presented a program of nuptial music.

Given in marriage by her father, the bride wore a formal gown of jersey knit fashioned with a fitted bodice trimmed with reemboirered lace, long fitted sleeves and a chapel length train. Her fingertip veil of illusion, enhanced by silk flowers, fell from a floral headpiece and she carried a cascade of

daisies, daffodils and yellow roses interspersed with baby's breath and fern.

Mrs. Gwen Ladner of Pass Christian, attended here sister as matron of honor; and Miss Liz Tenney, Waveland, was maid of honor. Bridesmaids were Miss Charlotte Peterson, cousin of the bride, and Miss

man. Groomsmen were Mickey Necaie, brother of the groom. Larry Necaie, cousin of the groom, and J. W. Farve, brother of the bride, all of Pass Christian.

Ushers were Devron Cuevas, Pass Christian and Quinn McKay, Gautier, Miss. Paul Douglas Farve, nephew

of the bride, was ring bearer.

The mother of the bride received guests wearing a formal green polyester knit dress and a corsage of white flowers interspersed with yellow ribbon.

The mother of the groom chose a floor length peach polyester knit dress. A corsage of peach flowers completed her ensemble.

A reception was held at the VFW home in Kiln where the bride's table, overlaid with a white lace cloth over yellow linen, held a five-tiered cake trimmed with yellow roses. Gold candelabra holding gold tapers were on either side.

Mrs. Linda McKay presided at the cake table and Miss Deana Farve kept the guest register.

For her wedding trip to Biloxi the bride wore a brown suede dress with brown accessories.

The couple will reside at Rt. 1, Pass Christian.

MR. AND MRS. RAYMOND NECAIE

(PHOTO BY BOB HUBBARD)

Debra Necaie, Herman Ladner to be married

Mr. and Mrs. John I. Necaie of Dedeaux announce the engagement of their daughter, Miss Debra Ann Necaie, to Herman Ladner, Jr., son of Mr. and Mrs. Herman Ladner, of Dedeaux.

The wedding will be solemnized 2:00 p.m. Saturday, Nov. 19, at Sacred Heart Catholic Church, Dedeaux.

The bride elect was graduated from Hancock North Central, attended Pearl River Junior College and is presently employed with Global Associates at NASA-NSTL.

The groom elect a graduate of St. Stanislaus, attended Pearl River Junior College, served four years in the United States Air Force and is presently in business with his father of H&H Trucking Co.

The maternal grandparents are Mrs. Penolisa Peterson, and the late Sullivan Peterson, the late Mr. and Mrs. Monroe Necaie.

The paternal grandparents are Mrs. Eunice Shaw and the late Johnson Shaw and the late Mr. and Mrs. F. E. Ladner. All friends and relatives are invited to attend through this medium.

SPANISH-AM. VETS
Less than 500 U.S. veterans of the Spanish-American War are still alive, the Veterans Administration says. A total of 92,000 American servicemen took part in that conflict.

State Baptists will consider record budget

By EDGAR PEREZ

Reverend Nathan Barber, pastor of the Bay St. Louis First Baptist Church, will join Baptists from some 1,000 churches throughout Mississippi for the annual state Baptist convention in Jackson Nov. 14-17.

Rev. Barber said the convention will open Monday night at Jackson's First Baptist Church with a rally by Baptist men who are members of "The Brotherhood."

Business sessions will begin at 8:50 a.m. Tuesday when messengers from Mississippi Baptist churches will vote on a record \$8,636,000 budget.

A special guest speaker at this year's convention will be James Sullivan, Mississippi native and former Southern Baptist Convention president.

Rev. Barber said highlight of the annual state convention is spiritual in nature with inspiration shared through speakers and preachers who appear on the meeting program.

Mississippi Baptist Convention President Robert Hamblin, pastor of Harrisburg Baptist Church in Tupelo, will preside at the four-day affair.

Bible teacher for the convention will be Jerry Vardaman, director of the Cobb Institute of Archaeology at Mississippi State University.

Other officers officiating at the meeting include Gene Triggs, Yazoo City, first vice president; John Barnes, Hattiesburg, second vice president; Joe Odle, Jackson, recording secretary; and Paul Harwood, Lyons, assistant recording secretary.

Theme of the convention is "Mission: reaching out with all boldness."

United Way review (9)

Emergency Relief Fund

By MAE H. BEYER

The Emergency Relief Fund is one of the finest and most important agencies of the United Way. It was among the first six original organizations to become part of the United Fund when it was formed in 1946.

Originally local clergymen helped those in need, and many of them were called upon at their homes and parsonages all hours of the day and night. There were duplications of effort, and many times the help had to be too hasty to be effective. Believing that there should be a better and more effective way to administer to transient and local persons and families, who through many unfortunate circumstances required assistance to see them through the crisis periods they were encountering, the clergymen banded together and formed the Emergency Relief Fund. They enlisted the help of Mrs. Ina Piazza, a lady who has worked most of her life with the needy and unfortunate.

Arrangements were made for each clergyman to serve for a one month period. This organization works closely with the Welfare Department, Red Cross, Catholic Social Services, The Gulf Coast Mental Health Agency, Good Will Industries, Salvation Army and many other appropriate agencies set up and ready to give immediate help.

Many calls come in throughout the night, and the Sheriff's personnel are briefed on the best manner in which to give assistance. For instance, those helped would include a family stranded on a nearby highway, out of gas and out of money, or a car with mechanical trouble, and again no money - a family whose home has been destroyed by fire.

Like magic Mrs. Piazza obtains bedding and furniture here and there, clothing from Good Will, kitchen supplies and miscellaneous articles from generous caring people.

There is such an abundance of assistance given that one wonders how the \$4,000 given by the United Way to this agency could be stretched so far, yet one realizes that there are many things money cannot buy, and the work of Mrs. Piazza and the local clergymen is the valuable component that makes the Emergency Relief Fund the fine charitable instrument it is to transients and the people of Hancock County.

We are most fortunate to have in our area citizens who really care, and are deeply moved when those among us are in need. Charity, sharing and caring, are difficult things to define, yet they are what living is all about.

The Emergency Relief Fund, and other agencies of the United Way, function in Hancock county on a day to day basis because our contributors supply the necessary funds - without your financial assistance there would be no United Way.

Each fall of the year an appeal is made to our citizens for financial help to carry on the work for the coming year, and they respond generously. In the present campaign we are doing very well, but are still far from reaching our goal.

If you have not yet given your fair share, please do not wait for a volunteer to call, as we do not have sufficient workers.

Kindly mail your gifts to the UNITED WAY OF HANCOCK COUNTY, BOX 142, BAY ST. LOUIS, MISS. 39520.

The goal is \$40,000, a large one for our small population, but with the help of all of us it can be realized.

Washington report

By Trent Lott

SOCIAL SECURITY DEBATE CONTINUES BY CONGRESSMAN TRENT LOTT

The struggle is continuing in Congress to write a new social security law that will accomplish two major feats: save the system from financial collapse and treat employers and employees fairly.

I suppose it was only normal that the House chose additional taxes to accomplish these feats and that Senate is following suit.

A scant six weeks ago, I told you that tax-writing committees of both houses had set their sights on protecting the system. The issue has advanced since then and the answers are no easier now than they were.

Late last month, the House approved its version of a way to save the system on a 275-to-146 vote. Some key features of the bill included these: 1) omitting the controversial "universal coverage" of federal, state and local employees; 2) removing the \$3,000 earnings limit now placed on social security recipients without a loss of benefits; 3) retaining a provision that allows social security to borrow from the country's general fund to ease operating deficits.

As you know, the current social security tax is 5.65 percent for both the employer and the employee on the first \$16,500 of wages, for a maximum annual tax of about \$965. Under the House bill, through increases in both the rate and the amount subject to tax each year, the maximum could go to \$3,025 by 1987. Under the Senate bill, it could go to \$2,390 for employees but as high as \$5,287 for employers.

The major difference between the House and Senate bills is that the Senate is considering a higher percentage of employer contributions to the social security system. It has been estimated that the Senate bill would bring in \$72.2 billion in new revenues above increases already scheduled in current law, while the House bill would bring in about \$76 billion.

The Senate Finance Committee, which considered social security legislation last week, failed on a 94-to-9 vote to eliminate the limit on earnings by recipients before a loss of benefits. Sen. Bob Dole, R-Kan., plans to pursue that provision, however, and quite possibly it will be included in any bill which clears the Senate.

Frankly, I had serious reservations

about several portions of the House bill, including the imposition of heavy new taxes that would hit hardest at middle income Americans. The bill also, for the first time, would allow the system to dip into the general fund, meaning that some Americans might actually be charged a double tax for social security benefits.

I was also concerned that the legislation is only a short-term shot in the arm and not actuarially sound over the long haul.

The responsibility for protecting social security is one which the Congress cannot ignore any longer and I hope a suitable compromise will be reached soon.

Mississippi consumer report

HOMESECURITY ALARMS

One of the biggest problems with home security alarm systems is false alarms. If you are thinking about getting a security alarm system, keep these tips in mind:

(1) Ask the burglar alarm company for the name of someone who already has the system installed.

(2) Check with that person for their experience and recommendations.

If you have pests or children who roam at night, ultrasonic detectors, infrared photoelectric sensors, and pressure mat detectors are probably not for you. The ultrasonic is set off by motion in the room, the photoelectric by someone breaking a beam of invisible light and the pressure mat by someone stepping on it. Unless these are placed where pets and children can be kept out, false alarms will be common.

Switch sensors don't have these problems. But you must remember to turn the system off before you open a door or window. And for ventilation on the first floor, you'll probably need to sensors on the windows you keep open.

Security alarms are great if they are installed correctly. Make sure you are dealing with a reputable company.

And no matter what type of alarm system you consider, make it hard for someone to break in. Put in solid doors with good deadbolt locks and windows with key locks.

Alcan ...

dustrial revenue bonds under a scheme authorized by Mississippi's Agriculture and Industry Board. Under the plan, while the local political identity must, by federal law, endorse the issuance, responsibility for bond repayment rests entirely with the company.

The City of Bay St. Louis is in no way responsible for bond retirement, nor does it assume any obligation to either the state, the bonded company, bond broker, or purchaser.

Bond proceeds are to be utilized towards manufacturing equipment, although its cost will exceed the bond sum.

The completely rehabilitated building is to receive the latest in modern cable making equipment, possessing the capability to double intended initial output without extensive modification.

Classed as a low added value product, the plant will manufacture underground cable of a type suited to the transfer of household electrical power from supply take-off point to the home.

Raw product for the process will arrive at the plant as 5,000 pound coils of three-eighths diameter, very pure

(Continued from Page 1)

aluminum rod (wire).

"We start with expensive materials and utilizing the most modern equipment and company-trained personnel, turn them into a fine quality, quality product," Oakland said.

With additional land surrounding the existing building already having been purchased by Alcan, Oakland said it was easy to understand where the company intended to add to growth.

"We are not going to expand our other plants, this is our expansion plant."

"Within three years of production being achieved we intend to enter into Phase Two, an operation that could see considerable additions," Oakland explained.

While not disclosing pay rates, Oakland said the Alcan Cable Division is a small group of about 500 people.

"We try to give an attractive package to employees and provide adequate fringe benefits," Oakland said.

He said that Smoke Lechler, perhaps the longest Alcan employee in the Bay, is in Atlanta receiving further training and will be returning to this plant in the near future.

Fishing reef ...

(Continued from Page 1)

century Japan.

Stone said there are some 1,500 man-made reefs around the world.

In addition to the Marathon Rotarians, other tire reef builders include a non-profit corporation in Ft. Lauderdale, Fla.

Once the Ft. Lauderdale reef was operational, the county government recognized economic and recreational benefits to be derived from the reef and an opportunity to dispose of scrap tires. The county government first became a partner in the reef operation and later assumed complete responsibility.

Private enterprise is responsible for a reef off Marco Island on Florida's west coast. Marine biologists have counted more than 90 species of fish at that Gulf of Mexico reef, and trophy-size catches have been reported.

At Naples, Fla., a yacht club took on the reef-building project, and in Texas a major reef project was spearheaded by the Texas Coastal and Marine Council, a state agency.

Gas rates ...

(Continued from Page 1)

sorption capabilities in the future, should further raises be applied raw gas supplies.

"At the same time, we will just have to take another look at this inflation."

"I don't know what the economy is going to do. We maybe then be looking at a controllable one or two percent rise, or we may have to contend with a 10 or 12 percent uncontrollable inflation rate."

Bennett said he had not yet received any official notification concerning the Bay cost raise, but expected a letter containing the information almost any day.

"United Gas officials visiting Bay St. Louis in recent weeks have indicated a price hike will be forthcoming but did not specify to what extent," Bennett allowed.

Asked if Bay St. Louis could, like its sister city Waveland, absorb the cost of any price increase, Bennett said he did not see how in the light of the impending law suit settlement.

Bay St. Louis was recently ordered to pay some \$375,000 plus interest to the

family of the now deceased James Warner, III, who was paralyzed from the neck down as the result of his diving into shallow water from the unfinished municipal pier on July 4 weekend in 1969.

The pier concerned was torn apart one month later by Hurricane Camille. Bennett also turned aside any repetition of action taken by the former administration when to offset a gas price increase they spread the load onto the water and sewage rates. This on the basis that people could more easily curtail water useage than heating.

"It is not fair to ask persons living in all-electric homes to share in a gas price increase. This is in effect what happened when the water rate was adjusted to offset the gas cost, Bennett reported.

He said all city buildings would have their thermostats set at 68 degrees throughout the coming winter in an effort to comply with President Carter's recommendations on energy savings.

Channel 9 ...

(Continued from Page 1)

of Channel 23 for several reasons.

"The major reason," he said, "is to be consistent with other states. This will allow out-of-state motorists in Mississippi to have the same use of Channel 9 here as they do in other states since they are familiar with it as the main emergency channel. MHP mobile units will monitor Channel 19."

Massey said, "Heretofore, Channel 23 has been considered the emergency channel in our State. We have more than 12,000 LECR net members who respected the channel as one for emergency purposes. However, some CBers in the State did not respect the channel for reporting urgent situations, therefore, the 124 police departments and sheriffs offices who monitor it, as well as our ten (10) base stations sometimes have problems emergency calls. Since Channel 9 is the universal emergency channel, the Federal Communications Commission (FCC) officials demand that only traffic of an urgent nature be transmitted. They have established a reputation of being extremely strict as to what is transmitted on the channel and have a way of locating and levying

a fine on misusers of the channel."

The Communications Director said, "We sincerely appreciate the thousands of CBers who have cooperated with us and the other law enforcement agencies in the use of Channel 23 and ask continued support of our reporting program. We are requesting that six primary occurrences be reported on Channel 9:

Accidents, Vehicles traveling the wrong way on the highway,

Drivers Under the Influence and drivers who are intoxicated (DUI's & DWI's),

Livestock on the highway, Motorists who need assistance,

Other hazards - like objects on the road that would impair a lane of traffic.

Massey requests that Channel 23 be left clear for emergency traffic during adverse weather conditions and weather watch purposes for React teams.

MHP base stations are in Gulfport, Hattiesburg, Brookhaven, Meridian, Jackson, Greenwood, Batesville, Starkville and New Albany.

Chamber ...

(Continued from Page 1)

tomorrow night at the Dhamber's banquet at the Bay-Waveland Yacht Club, said yesterday, "I think we are moving ahead in the Chamber, with the help of the new board and membership we can continue to move ahead."

"This Chamber belongs to it's

members, a lot of input will have to come from the members."

"Outgoing president P. D. 'Sonny' Bailey did a very fine job and was instrumental in implementing a lot of programs that are and were of benefit to the county."

Burglaries ...

(Continued from Page 1)

Officers arrested Fountain about 8:30 p.m. Wednesday. Sims turned himself in to Waveland police later the same night.

Fountain is accused of entering the house on two occasions, once with

Sims and once alone, police reported. Items valued at some \$174 were taken in the burglaries, officers said.

Investigating officers are Robert Tartarville and Sandra Henley.

THIS WEEK

Sunday

PCYC
The Pass Christian Yacht Club will hold a luncheon from noon to 2 p.m. Sunday at the yacht club.

Monday

WAVELAND SENIORS
The Waveland Senior Citizens will meet at 10 a.m. Monday in the Waveland Civic Center.

HISTORICAL SOCIETY
The Hancock County Historical Society meets at 7:30 p.m. Monday at Pass Christian branch of Gulf National Bank.

LIBRARY BOARD
The board of directors of the City-County Library System will meet at 8 p.m. in the library, U.S.-90.

POST 139 AUXILIARY
American Legion Post No. 139 Auxiliary will meet at 8 p.m. Monday in the post home.

CHAMBER BANQUET
The Bay St. Louis Chamber of Commerce will hold its annual banquet at 8 p.m. Monday, Nov. 14, at Bay-Waveland Yacht Club. Speaker is to be Pete Fountain.

TOPS
TOPS meets at 6:30 p.m. Monday at the Pass Christian branch, Gulf National Bank.

PASS HISTORIANS
The Pass Christian Historical Society meets at 8 p.m. Monday in the Pass Christian library.

LIBRARY BOARD
The City-County Library System board of directors meets at 8 p.m. Monday at the library, U.S.-90.

LEGION AUXILIARY
The American Legion Post No. 139 auxiliary of Bay St. Louis meets at 8 p.m. Monday at the Legion home.

DAV GAMES
The Disabled American Veterans will hold games Mondays and Thursdays at 7:30 p.m. at the DAV Hall, 111 Main St. Refreshments are available.

Tuesday

BAY SENIORS
Bay St. Louis Senior Citizens will meet at 10 a.m. Tuesday at the Valena C. Jones Center.

BUSY FINGERS
Busy Fingers Home Extension Club meets at 9:45 a.m. Tuesday in the Agricultural Center.

PASS ROTARY
The Pass Christian Rotary Club meets Tuesday at noon at Annie's Restaurant, Henderson Point.

FULL GOSPEL GROUP
The Lakeshore Full Gospel Prayer and Bible Study Group meets Tuesday at 7:30 p.m. at the church.

KILN VFW AUXILIARY
The Kiln Veterans of Foreign Wars Post No. 6285 Auxiliary meets at 7:30 p.m. Tuesday at the post home.

SIDELINE CLUB
The St. Stanislaus College Sideline Club meets at 8 p.m. Tuesday in the school cafeteria.

PASS VFW
The Pass Christian Veterans of Foreign Wars Post No. 5931 will meet at 8 p.m. Tuesday in the Pass VFW Hall.

VAN CLIBURN
Pianist Van Cliburn will perform with the New Orleans Philharmonic-Symphony Orchestra in concerts at 8:30 p.m. Tuesday and 7:30 p.m. Wednesday, Nov. 15 and 16, in the New Orleans Theater for the Performing Arts.

GULF COAST TS
The Gulf Coast Theosophical Society is presenting a series of classes on "What Is Theosophy" on Tuesday evenings at 7:30 p.m. in the home of Frankie Mayo on Whetstone Road, North Biloxi.

FAMILY ART SHOW
Paintings by Joe Moran, Tommy Moran and Mary Moran Jones will be on exhibit from Tuesday, Nov. 15, through Dec. 3 at Metropolitan National Bank, Fred Halse Boulevard, Biloxi.

BIBLE STUDY
The St. Clare Parish bible study group meets from noon to 12:45 p.m. Tuesdays in the parish meeting room at the convent; and from noon to 12:45 p.m. Fridays at the Waveland Civic Center, Coleman Avenue.

Tuesday

DAV AUXILIARY
The auxiliary of Disabled American Veterans Unit No. 50 meets Tuesday, Dec. 6, at 7:30 p.m. in the DAV Hall, 111 Main St.

OPEN HOUSE
Open house at St. Clare Elementary School in Waveland will be from 7 to 8 p.m. Tuesday followed by a meeting of the school's Home and School Association.

ATHLETIC ASSN.
The Waveland Athletic Association holds its monthly meeting at 7 p.m. Tuesday in the Waveland Civic Center on Coleman Avenue. Members are urged to attend.

Wednesday

BAY HI BOOSTERS
Bay High School Boosters Club will meet Wednesday at 7 p.m. at Scaffidi's Wheel Inn, U.S.-90.

BAY ROTARY
The Bay St. Louis Rotary Club will meet Wednesday noon at Scaffidi's Wheel Inn.

BAY CYO
The Bay St. Louis Catholic Youth Organization meets Wednesday at 7 p.m. in the CYO Room of Our Lady of The Gulf parish.

SHRINE CLUB
The Gulf Coast Shrine Club will gather at 7:30 p.m. Wednesday in the Masonic Temple.

SPANISH ACRES
Spanish Acres Civic Association meets at 7:30 p.m. Wednesday.

GARDEN CLUB
The Diamondhead Garden Club meets at 10:30 a.m. Wednesday at the Diamondhead Country Club.

NURSES ASSN.
The Nurses Association of the American College of Obstetricians and Gynecologists meets Wednesday at 7 p.m. in the Singing River Hospital classroom, Pascagoula. Childbirth will be featured on the program with emphasis on classes being conducted on the coast. Interested nurses are urged to attend.

DEN LEADERS
A Cub Scout den leaders workshop will be conducted at Diamondhead Fire Department at 9:30 a.m. Wednesday.

SCOUT LEADERS
A scout leaders roundtable will be conducted at the Bay St. Louis American Legion Hall at 7:30 p.m. Wednesday.

Thursday

AA MEETING
Alcoholics Anonymous meets at 8 p.m. tonight, Thursday, at St. Augustine's Seminary. For information, call 467-4414.

STORY HOUR
Children's story hour is conducted at the Bay St. Louis Library Thursdays at 10 a.m.

PRAYER GROUP
The Charismatic Prayer Group meets Thursdays at 7:30 p.m. in St. Augustine Seminary cafeteria. Public invited.

COUNTY KIWANIS
South Hancock County Kiwanis Club meets Thursdays at 7:30 p.m., Waveland Resort Inn.

DAV GAMES
The Disabled American Veterans will hold games nights at 7:30 p.m. on Mondays and Thursdays at the DAV Hall, 111 Main St. Refreshments are available.

BLUE JEANS
The Blue Jeans Garden Club meets at 1 p.m. Thursday, Nov. 17, at the home of Mrs. Lloyd Garcia.

BSL HOME MAKERS
The Bay St. Louis Homemakers Home Extension Club meets at 2 p.m. Thursday, Nov. 17, in the Agricultural Center.

PACK 112
Cub Scout Pack 112 meets at 7:30 p.m. Thursday, Nov. 17, at St. Clare School, Waveland.

LWML
The Lutheran Women's Missionary League meets Thursday, Nov. 17, at 7 p.m. in the Lutheran Church of The Pines.

DAV DINNER
The Disabled American Veterans will serve a Thanksgiving dinner Thursday at 7:30 p.m. at the DAV Hall, 111 Main St.

Friday

PCYC DINNER
The Pass Christian Yacht Club will serve dinner 7 to 9:30 p.m. Friday at the club.

PCYC DIRECTORS
The Pass Christian Yacht Club board of directors will meet at 8 p.m. Friday, Nov. 18, at the club.

PC LIBRARY FRIENDS
Friends of the Pass Christian Library have scheduled a coffee for 10 a.m. Friday at the library.

Saturday

PASS CG AUX.
The Pass Christian Coast Guard Auxiliary meets at 6:30 p.m. Saturday on the beach.

FULL GOSPEL GROUP
The Lakeshore Full Gospel Prayer and Bible Study Group meets Saturday at 7:30 p.m. at the church.

Sunday

PCYC LUNCHEON
The Pass Christian Yacht Club will hold a luncheon Sunday, Nov. 20, from noon to 2 p.m. at the club.

Coming Events

ALL-NIGHT SING
The 20th annual All-Night Singing Festival on Thanksgiving Eve, Wednesday Nov. 23, sponsored by the Morrison Center for Exceptional Children will begin at 8 p.m. in the Jackson City Auditorium. Adult tickets, \$6, and children under 12, \$3, are available at P.O. Box 1365, Jackson, 39205.

DEBUTANTE BALL
The Pass Christian Yacht Club will host the Debutante Ball at 8 p.m. Saturday, Nov. 26.

COMING EVENTS
The Disabled American Veterans Auxiliary will sponsor a flea market Saturday and Sunday, Dec. 3 and 4, at the DAV home, 111 Main Street, Bay St. Louis. Anyone interested in renting a table can call 467-9939 or 467-6762 for further information.

VA NUMBERS
As of June 30, 1977, 50.3 percent of all Veterans Administration employees were women.

State enjoins consumer warn

(This is the second warning issued on these products)
The Mississippi State Board of Health in cooperation with the U.S. Consumer Products Safety Commission warns consumers of a possible serious shock hazard from certain portable, immovable electric water heaters manufactured by the Ambory Corp., of Hazel Park, Michigan. One of these heaters was reportedly involved in the recent electrocution of a 17-year-old girl in Little Rock, Minn.

Sold to heat water in and around the home, the heaters are constructed of an exposed resistive heating element contained within a perforated metal case which permits water to contact the heating mechanism. This element is powered by electrical current from a standard electrical outlet. Potential for serious shock injuries, possibly resulting in electrocution, exists when water contacts the powered heating element.

The four heaters in question are the "Ambory Special," "Jiffy, Jr.," "Jiffy, Sr.," and "Ram." Distributed nationwide, they are sold primarily in hardware stores

and tack shops. CPSC estimates that approximately 50,000 of the immovable water heaters are currently in consumers' hands.

On October 20, the Commission authorized its staff to proceed against the Ambory Corp., to remove this alleged hazard from the marketplace.

CPSC urges consumers to take extreme caution if they use one of these heaters. All four models are sold with instructions warning users not to touch the water container of the heater itself while the heater is "on." Consumers are also directed to turn off the heater and unplug it before testing the water temperature.

Anyone aware of any shock or electrocution incidents associated with an Ambory immovable electric water heater is urged to immediately call Paul Rankin, Mississippi State Board of Health at 354-6616.

Rural industrial development is objective

Sixty-nine community leaders from all parts of Mississippi are expected to attend a Rural Industrial Development Seminar set for Nov. 18 at the Holiday Inn North in Jackson, according to Dr. Tom Loftin, leader, Mississippi Cooperative Extension Service (MCES) Community Development Department.

The seminar climaxes a 10-week self-study program designed to help Mississippi's community leaders understand rural industrial development problems and identify the basics of a local industrial development program. MCES and the Mississippi Industrial Development Council jointly sponsor the self-study course and Nov. 18 seminar.

Seminar participants will be: Mike Amis, executive director, Mississippi Agricultural and Industrial Board; Bill Barrett, executive director, North Mississippi Industrial Development Association; David Holman, manager, Public Facilities Branch, Mississippi Research and Development Center; David Williams, industrial development engineer, Mississippi Power Company; Jack Rhodes, director, Industrial Development, Electric Power Associations of Mississippi; and Jim Miller, manager, Industrial Department, Mississippi Agricultural and Industrial Board.

John Ferstrom, program leader, Extension Service, U.S. Department of Agriculture, will speak at the luncheon. Afternoon participants will include: Walter Garner Jr., president, Mississippi Industrial Development Council; Jim Powell, director, Meridian Industrial Foundation.

evaluate the self-study course and seminar. Dr. James Carpenter, associate director, MCES, will present certificates to community leaders who successfully complete the course.

Kergosien tops 1,000 yards

Rock-A-Chaws fall to bowl bound Vancleave

By ELLIS CUEVAS

The St. Stanislaus Rock-A-Chaws lost a heart breaker to bowl-bound Vancleave 8-0 Friday night.

Runningback Bill Kergosien of the Rocks picked up 53 yards on the ground to put him over the 1,000 mark for the season.

The game was a defensive battle from start to finish. Vancleave was stopped twice inside the Rocks 20 before they finally scored in the third quarter.

Vancleave scored when tailback Pete Batson went in from the five close to the end of the third quarter. Bulldog quarterback Bubba Etherton passed to Tom Warren for the two point conversion to cap the only scoring of the game.

Vancleave kept the Rock-A-Chaws from crossing their 30 during the game showing some defensive might.

The Rocks got to the Bulldog quarterback twice for sacks. Vancleave in return sacked the Rock quarterback twice.

Stanislaus finishes the season with a 4-5-1 record. Vancleave 8-2 will face the undefeated Hawks of Hancock North Central next Friday

night in Wiggins for the Pickle bowl.

HAWKS GET TWO - The official raises his hands to signal a two point conversion after the Hancock North Central Hawks scored their first TD against Pass Christian. The PAT conversion was the margin of victory. Quarterback Vincent Adams faked a hold for kicker, Roy Cuevas, and pitched in the end zone to Mark Ladner for the two points. (Staff photo - Randy Ponder)

FIRST PLACE WINNER - Echo football contest first place winner this week is David Lansden, 114 Bay View Court, Bay St. Louis. Lansden collected a \$10 check for his winning entry which edged out that of Anthony Payne of 415 Washington St. on tie-breaker points. (Staff photo-Edgar Perez)

Jr. Tigers defeat Mullet bowl bound St. Martin

By ELLIS CUEVAS

The Bay Junior Tigers coached by James "Snuffy" Smith defeated St. Martin 12-6 to tie St. Martin for second place, only one half game behind conference leaders Vancleave. During the regular season, the Tigers played conference leader Vancleave to a scoreless tie.

The Baby Tigers scored in the first quarter when Ricky Johnson sneaked in from the three. The try for point after was no good.

St. Martin scored in the second quarter and converted for a two point conversion giving them an 8-0 lead.

In the fourth quarter on a half back pass Lewis Tyrone hit Alex Harrington for a 30 yard score giving Bay Junior High a 12-6 lead that held up for the victory.

Coach Smith said, Friday, "We've got a good team this year. We weren't up for only one game and that was Long Beach, a non-conference contest. We got fine defensive effort from Jimmie Jones, Ricky Johnson and Jeffery Smith. Offensive blocking by the line was good. We moved the ball well."

"Pass receivers didn't drop

a ball the whole game when they were on target. Tyrone Lewis has been a standout all season, in the beginning as a quarterback then later as a running back on the veer, he has great ability on running or passing keeping the defense guessing. Ricky Johnson is the leader in operating the veer, he is the instigator and motivator on the field and he is a great runner," further stated coach Smith.

"Alex Harrington is a threat everytime he touches the ball, he has scored 14 touchdowns this season. He has been a standout all year as a runner and pass receiver. Although only eighth graders, Jimmie Jones, Mike Prendergast, David Gillum, and Van Foyard, have been superb starters this season."

The Bay Junior Tigers closed the season with 7-2-1. When asked about next year coach Smith stated, "We should have a good team with this year's eighth graders returning. Backfield should be intact with the exception of quarterback slot to fill. We will be depending upon this year's seventh graders to also help on our line as we will have only one returning line letterman."

FIRST BIRTHDAY - Corey Favre celebrated his first birthday with a family party Sunday at the home of his parents Mr. and Mrs. Curtis B. Favre of Bay St. Louis.

VET SURVIVAL

More than half of all the men and women who have fought in America's wars, from the Revolution to the Vietnam conflict, are still alive, the Veterans Administration reports. A total of 44,482,000 persons have worn their country's uniform during periods of conflict, and VA estimates that 29,765,000 are still living.

Hawks fly high...

(Continued from Page 1)

The Hawks' first score came midway in the second quarter just after Pass seemed to have the game in the bag with a 14-0 lead with 7:58 left.

Pass kicked off and Pat Necaise ran it from his 30 to the 48 after Pass scored it's second touchdown. On the first play quarterback Vincent Adams hit David Clark with a 48 yard pass and he went out of bounds on the Pirate four. The next play Greg Ladner moved it in from the four. At this time the Hawks made the big two point conversion with the TD coming only 54 seconds after the Pirates last score.

In the first play from scrimmage for each team, they lost a fumble. The Hawks trailed for the first time this season in a game when in the first quarter Malcom Dedeaux went in from the Hawk two.

The PAT by Kevin Gallagher, Pat Barnes holding, with 8:16 left in the quarter, gave the Pirates a 7-0 lead.

The TD was set up on a Hawk fumble recovered by Mike Whitmann on the Pirates 43. It took the Pirates only six plays to cover the 57 yards on runs by Virgil Swannier, Malcom Dedeaux and Gene Lang. The longest gainer on the drive was a 28 yarder by M. Dedeaux.

The Pirates second score was by Gene Lang on a pitch back from V. Swannier for an eight yard TD. The PAT by Gallagher with Barnes holding was good giving the Pirates a 14-0 lead with 7:58 left in the second quarter.

Pirate quarterback Virgil Swannier had a very disappointing night because of three passes right in the hands of his receivers were dropped when they seemed to be sure TDs.

The Pirates controlled the tempo of the game in the first half chalking up 10 first downs to the Hawks three. In the second half it was HNC who controlled the tempo even though Pass led in first downs six to five.

On defense the Hawks were sharp. As well as calling a great game on offense, quarterback Vincent Adams on defense was in on almost every tackle, especially in the second half.

Pass Christian had another opportunity to go ahead late in the third quarter when Gallagher's 25 yard field goal was short and wide.

In the fourth stanza each team had to punt several times when they were unable to move the ball because of tight defensive play by each team.

The Hawks came out on top in the punting game with Vincent Adams.

Loni Jenkins for the Pirates on his punts seemed to get Hawk yardage each time his punts hit the ground.

Late in the fourth quarter Virgil Swannier was trying to connect on passes and the Hawks defense kept pressure on him. Tackles Robert Shiyu and Richard Storey kept pressure on Swannier with Storey sacking him for a 12 yard loss once.

On the Pirates last play from scrimmage, John Hamilton knocked down a Swannier pass on a fourth and ten to turn the ball over to Hancock North Central with 1:08 left in the game. The Hawks killed the clock with the ball in their possession.

As the game ended head coach Irvin Favre said, "We couldn't have asked for a better team effort than we got on our own comeback when we were 14 points down. During the second half break we decided that we would with some minor adjustments take the kick-off and move it in for a score. Pass over reacted to our adjustments and we went in for the winning points."

"This is the first team with which I have ever been associated... that went undefeated in a regular season. Monday, Long Beach will sign for the Wendell Ladner bowl to be played in the Hawks stadium on Friday, Nov. 25," stated coach Favre.

Coach Favre wouldn't comment on who the other team would be, but speculation is that it will be his Hawks who have already signed for the Pickle bowl next Friday in Wiggins.

Coach Favre added, "This was the largest crowd for an away from home contest for a team he has coached. The fan spirit means very much to team spirit."

Favre said following the game this victory only proves that "My heart is with the Lord, while others might wish it were elsewhere."

The Hawks with the ball and only seconds left coach Bob Rogers said, "You can't expect to win when three touchdowns passes right on the mark are dropped by the receivers."

The Pirates end their season

THE SMILE TELLS THE STORY - Head coach Irvin Favre of the Hawks is all smiles after his North Central team defeated the Pass Christian Pirates on their field last Friday. Coach Favre stated this was his first coaching experience with a perfect season. (Staff photo - Randy Ponder)

THERE IS A SCRAMBLE - The Pirates scored in the first quarter when Malcom Dedeaux bulled his way in. The Pirates scored again in the second quarter but were beaten 15-14 behind a comeback effort by the Hancock North Central Hawks. (Staff photo - Randy Ponder)

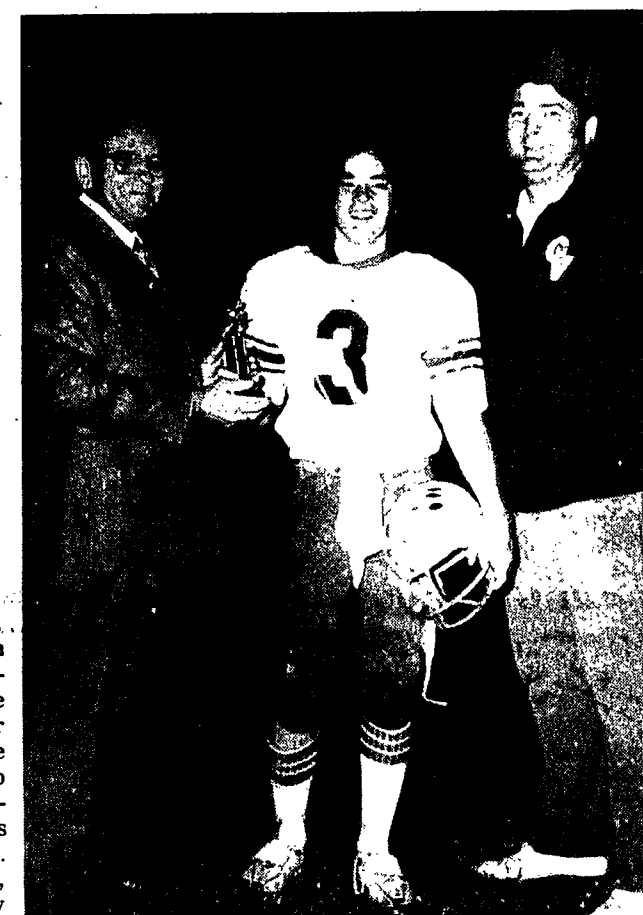

ALL OVER THE PLACE - Hawk quarterback Vincent Adams was a standout on offense as well as defense as North Central defeated Pass Christian, 15-14, Friday night. The Hawks will journey to Wiggins next week for the Pickle Bowl. (Staff photo - Randy Ponder)

BASKETBALL OPENER - The Pirates of Pass Christian will open their basketball season Tuesday night with a visit from the East Central Hornets. The tip off for the girls game will be at 7 p.m. with the boys following.

defeated high school football team on the Gulf Coast.

The Hawk squad was treated to a ham, potato salad and baked bean supper after their victory by parents of the team.

Cuevas elected
retired feds

1978 president

Franklin J. Cuevas of Gulfport was elected President of the Gulf Breeze Chapter of the National Association of Retired Federal Employees at their meeting last month.

Other officers elected were: Robert H. Coleman of Waveland, first vice-president; William H. Ford of Mississippi City, second vice-president; Elaine M. Martinovich of Handsboro, secretary; Mrs. William C. Irvine of Gulfport, treasurer.

The officers will be installed in December when the Chapter Charter will be presented.

The Honorable Jaso H. Floyd, Jr., executive director, South Mississippi Legal Services Corporation, gave a most interesting talk on the legal services provided by the new corporation.

President Cuevas, and Woodrow O. Owen, membership chairman, will be on Radio Station WGCM at 6:05 p.m. to 7 p.m. on Gulf Coast Speaks, Tuesday, Nov. 15. They will talk about the National Association of Retired Federal Employees and will answer questions called in on 863-3522 during the program.

BEYER JOINS PANAMA PROTEST

RADM Edward F. Beyer, USNR Ret. of Bay St. Louis, has joined Gen. Lyman L. Lemnitzer, former chairman of the Joint Chiefs of Staff, and Mdm. John C. McCain, former Commander-in-Chief, Pacific, in going on record as being opposed to the Panama Canal Treaty signed by President Carter. In making his protest known he joins 340 senior officers from all services who have voiced their opposition.

G.I. BILL

Veterans keep getting smarter, VA says. Statistics show 29 percent of World War II vets who used the GI Bill took college training, while 51 percent of their Korean era counterparts used their benefits to go to college.

WOMEN IN VA

High level careers for women abound in the Veterans Administration. For example, four women are directors of VA hospitals, six others are assistant directors and four others serve as hospital chiefs of staff.

First year in Pascagoula River Conference

Bay High girls declare open season on Slidell

By EDGAR PEREZ
Two all-conference guards, seven letter winners, a Pass Christian tournament championship and a 15-9 win-loss record combine to make Coach Willie Bradley "real optimistic" about the Bay High Tiger girls basketball season which opens Tuesday.

"We've been working hard for what promises to be a highly competitive year," the coach said about the team's forthcoming first year in the Pascagoula River Conference.

"We've been working about seven weeks now and the girls are anxious to go," Bradley noted.

The season's opener will be Tuesday night in Bay High gym against Slidell, and the Lady Tigers open this year's road show against Pascagoula Saturday night.

"Our success will depend on how well we work together this year," Bradley feels. "We have the strength in returning letter winners, but so do the other teams in the conference."

Conference competition will come in games against D'Iberville, Pass Christian, Vancleave, St. Martin, St. John and East Central.

"Girls basketball has taken great strides on the Gulf Coast in the past few years," the coach said, noting that "...state champions have come from the Coast for the past two years."

"Harrison Central was state champion last year, and the year before that, George County won the state AA title," Bradley pointed out.

Some of the team's toughest assignments this year, the coach said, will be against Hancock North Central, George County, Harrison Central, D'Iberville and Pass Christian.

"I would like to invite the public to come see our games," Bradley said. "Girls basketball should be exciting this year."

At this point, Bradley said, his starting line up will probably come from among Charlene Haynes, Karen Fricke, Diane Saucier, Cynthia Jackson, Amy Hille and Ginger Maurigi.

Haynes and Fricke are senior letter winners and are this year's co-captains. They are the returning all-conference title holders from last year when Bay High was

in the Gulf Coast Conference. Cynthia Jackson and Ginger Maurigi are also senior letter winners returning to the squad.

Diane Saucier is a junior letter winner, and Amy Hille is considered by the coach to be an "outstanding junior." The fifth senior letter winner on this year's squad is Cynthia Collins, and junior Janet Sheppard is the remaining returning letter winner.

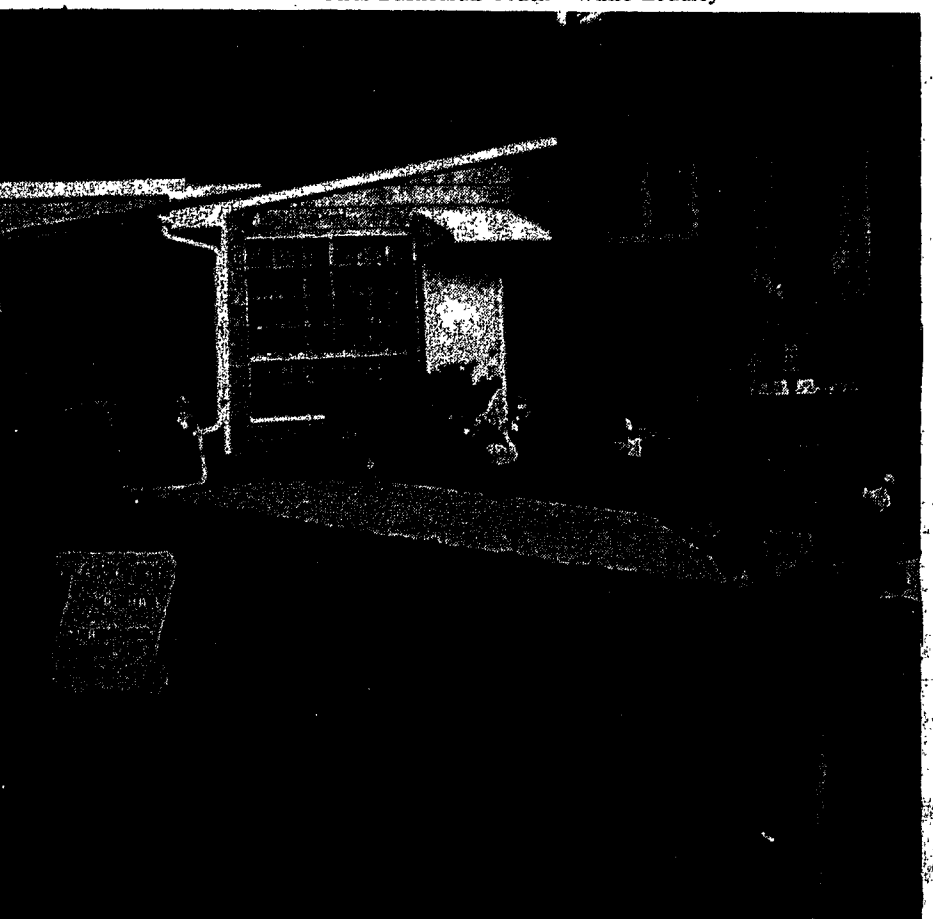

Also returning to the team are Farren Acker, Brenda LaFontaine and Lydia Labat. Promising sophomores this year include Lydia Laneaux, Mary Brown and Tina Waltman.

And rounding out the squad are newcomers Shelia Terry and Patricia Jackson.

MISSISSIPPI WEEKLY WEATHER & CROP REPORT

WEEK ENDING NOVEMBER 5, 1977
RELEASED NOVEMBER 7, 1977

WEATHER SUMMARY (National Weather Service): Temperatures were about 5 degrees above normal. Extremes ranged from 44 at Calhoun City on the 31st to 42 at Aberdeen on the 30th. McComb reported 42 on the 31st and Scott recorded 42 on the 4th. Greatest 24-hour rainfall 2.05 inches at Merrill on the 3rd. Rain fell on 2 to 3 days at most locations with most areas averaging one inch or greater. During the weekend cloudy skies prevailed as widespread rain was recorded and temperature remained mild.

CROP SUMMARY: About two weeks of clear weather is needed to complete most harvesting activities for the year. This past week rain again delayed the harvest but winter grazing crops are in the best condition in several years because of the moisture.

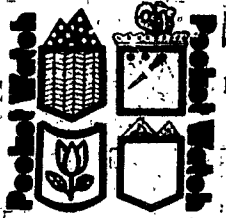

Soil moisture supplies were surplus to adequate. An average of 2.8 days was suitable for fieldwork compared to 3.6 days last week and 5.4 days for the same week last year.

Virtually all of the soybean acreage was mature and 62 percent was harvested. Last year 67 percent had been harvested and average is 51 percent. The rice harvest was virtually completed with 97 percent of the crop harvested. Corn was 90 percent harvested compared to 84 percent last year and 78 percent for the average. Sorghums were 94 percent harvested compared to 95 percent last year and 89 percent for the average. The peanut and hay harvests were virtually completed. Sweet potatoes were 89 percent harvested. Pecans were 63 percent harvested compared to 26 percent last year. Winter wheat was 76 percent planted compared to 87 percent last year and 73 percent for the average. The acreage was in good to fair condition. The oats acreage was 83 percent planted compared to 91 percent last year and 81 percent for the average. The acreage was in good to fair condition. Pastures and livestock were in good to fair condition. Pecans were in fair condition.

COMMENTS

ADAMS CO. "Rain throughout the week has halted the crop harvest. Farmers need about two weeks of sunshine to finish up most fields."

YAZOO CO. "Although the rains in the middle of the week slowed harvest of cotton, the majority has already been picked. Many acres have already had stalks shredded, lime applied and other preparation for next year's crop."

By NORINE BARNES
Extension Home Economist, Hancock County

Today ... BEWARE OF
ABRASIVE CLEANSERS

Use a gentle touch and nonabrasive cleaner on bathroom and kitchen fixtures to keep them looking new. Although porcelain and

vitreous enamels are types of glass, they require special care to retain shine. Harsh scouring powders can damage these surfaces and those of

fiberglass reinforced plastic fixtures. In fact, some abrasive cleaners used relatively dry and rubbed hard can remove a new surface's glossy finish in less than a year.

Once glass is damaged, it cannot be restored. The dull, ridged, low-gloss surface becomes increasingly harder to clean, too. Consequently, abrasive cleaners become necessary to remove stains from these worn surfaces.

To protect original surfaces, use detergent or nonabrasive cleaners. (That's a cleaner that doesn't feel gritty when rubbed between your fingers.) Various liquid, paste, spray and aerosol nonabrasive products are available in grocery stores, but shop carefully. Many highly advertised cleaners are too abrasive.

KILN KORNER

with

Juanita Bennett

On November 20, Shiloh Baptist Church is having Old Fashion Day with dinner on the grounds. There will also be singing groups to attend. Everyone is invited.

There will be a change in Mass schedule for Annunciation Church. There will no longer be a 11:15 a.m. Mass on Sundays. This will start as of Nov. 20. All other masses will remain the same.

A retreat was held for Senior Citizens on Saturday Nov. 12 from 10 to 12 noon.

We were asked to remind everyone of Annunciation's Annual Turkey Bowl which will be held on Nov. 13 in the cafeteria. Dinner will begin being served at 11:30 a.m. Game time is 2:30 p.m. Hope to see all of you there.

Mr. and Mrs. William Ridall of New Orleans visited Mrs. Carrie Gatewood on their way back from Berwick, Pennsylvania and Ithaca, New York, this past week.

If you weren't at choir practice last week be sure and join us this week on Monday the 14th from 8 pm to 7 pm. Every voice is needed.

We're happy to see that Mrs. Dorothy Lacoste has returned home from the hospital.

CAREER TIPS

The energy crisis has emphasized the importance of oil and gas recovery and petroleum engineers are in the forefront of this effort. According to Dr. Jean K. Jones, coordinator of career services at Ole Miss, many petroleum engineers work in research to find better ways to recover oil and gas, while others are employed by financial institutions and government agencies.

BUILDS LEADERS

The energy crisis has emphasized the importance of oil and gas recovery and petroleum engineers are in the forefront of this effort. According to Dr. Jean K. Jones, coordinator of career services at Ole Miss, many petroleum engineers work in research to find better ways to recover oil and gas, while others are employed by financial institutions and government agencies.

Ag Affairs by Ed Blake

FARM STRIKE JUST TALK

American agriculture isn't about to go on strike. It can't and won't. Not that there isn't economic justification for something drastic to be done to improve income from agriculture, still the strike approach couldn't be utilized even if it were tried and the vast majority of American farmers don't care to try it.

Fundamentally, a strike is a show-down dispute between employees and employers over wages, or working conditions, fringe benefits, or a combination of them all.

Farmers, singularly, are of the self-pollinating strain where the employee and employer are all wrapped up in the same body. Furthermore, neither the farmer as an employee or as an employer can do anything about their economic plight nor would it help matters to turn on their customers, the world of consumers, or their government. Any attempted punishment farmers might try to inflict would only boomerang and give them another hurting blow.

Still from time to time when economic adversity hangs heavy around some farmers' necks they forget their unique economic make-up and covet the clout that labor has by simply walking off the job.

Farmers cannot walk off the job without severe injury mostly to themselves. The dairy herd would be ruined if the cows are not milked on

regular schedule. And who ever heard of shutting down a cotton plant for a week or a month. Cotton continues to grow and along with it the grass, weeds and insects that take no holidays.

About the closest farmers or ranchers could come to really pulling off the strike concept is to withhold their production from the market. This can be done technically if enough of them got together. But again if all U.S. beef cattle farmers decided to withhold their cattle from the market, does anyone think for a minute that New Zealand cattlemen would join in? You can bet your bottom dollar that they would step up overnight to supply the market needs and rejoice over the opportunity. Further, imitation foods already on the market would increase many fold.

The world has shrunk. We today are a community of nations delicately meshed together economically, politically and socially. And it is this same relationship that has created the vast market for U.S. agricultural production that during the past decade has made the largest contribution toward U.S. balance of payments abroad than any other

economic factor. Without strong U.S. agricultural exports to help pay the world oil barons the U.S. economy would long since have been brought to its knees.

U.S. agriculture has retained its worldwide competitiveness on the world market. U.S. industry, by comparison, has escalated its wages artificially so that today most major manufacturing firms have moved big chunks of their operations overseas to utilize cheaper foreign labor. They can't pay the tab at home.

Another basic difference in American agriculture and labor is the heavy investment farmers have in their business compared with no investment by labor. Farmers own individually, or in concert with mortgage-holding creditors, their businesses. Labor owns their clothing, hard hats, and that's about all.

So the threatened farm strike coming mostly out of the wheat-price, depressed mid-west is just talk. It may be seditious talk by some and they may carry through with attention, getting demonstrations. We've gone down that road before and surely more harm that good resulted as milk was dumped into gutters or onto the ground and cattle were shot.

Farmers are about as conservative as people come - and most of them wine and justifiably so as food products are wasted when people in many areas of the world still are starving for any form of nutritional food.

No American agriculture is not about to seriously strike. They can't and won't! Instead, they will seek solutions to their market price problems hopefully with the understanding and support of the American people.

Bison, longhorn cross eyed here

Two animals with an illustrious past, the Texas longhorn and the bison, might be appearing in Southeast

combination programs with cattle. "Don't sell sheep short," he cautioned.

Crop Report

RELEASED:
NOVEMBER 10, 1977
SUMMARY

SOYBEANS - Based on conditions as of November 1, soybean production is forecast at 80,850,000 bushels, five percent below last month's forecast but 13 percent above 1976. The U.S. production is forecast at 1,683 million bushels, 2 percent above a month earlier and 33 percent above 1976.

RICE - Production of rice is forecast at 4,264,000 cwt. This is 1 percent below last month's forecast, and 29 percent below 1976. The U.S. PRODUCTION is forecast at 99.1 million cwt., slightly above last month, but 15 percent below 1976.

The
Rocky Hill
Rambler

255-7550

by 'Gweny'

Well Ya'll, let's give the Big Man his due. Even tho we've all had our share of misfortune this past month, we still have had our share of happy moments. Anyone needing a lift might try and catch one of Father Austin's sermons. This past Sunday sure hit home, as Father spoke on our obligations as parents. Being one, I know we mothers never feel we are doing enough for our children. Thanks, Father Austin.

The only bad news (if it is bad), the teenage boys in Rocky Hill haven't had much energy left to play pool or race cars if that's bad. The coaches have been burning up all their extra energy getting ready for Friday night. We are confident it will pay off by bringing us home the championship. Thank you coaches.

Rex Spiers and Dennis Henley made a morning hunt the other day. We were told they got 12 reds and 4 grey squirrels. Looks like Debbie will be in the kitchen a few hours.

Sorry we're late but our best wishes from the hills go out to Mr. and Mrs. Guy Necaise. Mrs. Necaise was formerly Miss Nilene Ladner, daughter of Mr. and Mrs. Charles Necaise.

When we went to the store, this week for coffee supplies we came upon some enterprising young teenagers who must have spent the better part of a week abaking. The following girls were out selling home made cakes this past Sunday: Tyra Brady, Kelli Blaise, Tracy Ladner, Sherri Ladner, and Karen Ladner. All this so that their friend could be Queen of the Mullet Bowl for Bay Jr. High. We bought a sugar and spice cake. It sure went good with

our coffee. Good Luck Trac. Our main event in the hills the past week was a combination birthday party and barbecue. Hosting the party in the honor of their father Elmer Necaise who made 80 years old were his children Lucille Peterson, Zelna Ladner, Betty Joyce Ladner and sons Heyward and Kenneth Necaise. His 22 grandchildren and 9 great grandchildren brought him great joys. His guest of honor was Troy Palmer, his business partner for many years. The main dishes were barbecued goat, beef, chicken and mulllet. With over 500 guests including 77 family heads we'd say it was the party of the month. With all the hugs and kisses Grandpa Necaise was getting we didn't get a chance to interview him, but all readers have one coming when he gets time, he promised us on.

We spoke with a company man of L&A Construction Co. the other day. He told us their company was instrumental in lining up the White Cypress Resort for our 4H Club to have their combination Hay Ride and Weiner Roast. The age group was 4-12 years old. Our Hay Ride driver was Sonny Ladner. There were too many helpers to print them all but Paul Smith and Rex Spiers helped with the tug of war contest. Looks like the girls outnumbered the boys as they won. All the children were allowed to roast their own weiners and marshmallows. All in all everyone had a good time.

Looks like the people in the hills really know how to appreciate life. Even tho we work hard we take time to play. Remember you only go around once, take time this week for your children. See ya at the races or church, Gweny

White Cypress by Yvonne Ladner

Norman Breaux enlisted in the Navy and left Tuesday, Nov. 1 from New Orleans. He is now stationed in San Diego, Calif. Norman is the son of Mr. and Mrs. L. J. Breaux, III. He is a 1977 graduate of Hancock North Central.

L. J. and Jeanette Breaux spent Sunday visiting in the home of their daughter and son-in-law Charlene and John Rhodes.

The Third grade class at Hancock North Central Elementary School surprised their teacher Mrs. Pearce with a Baby Shower. And it really was a surprise. The children kept the secret.

Speaking of Hancock North Central Elementary School, the children there are selling candy to raise money for their P.T.A. group for a very worthy cause.

Happy Birthday to Kim Kendrick who had a birthday last week. Sorry we're late with the wishes Kim. Kim lives in Crane Creek.

Happy Birthday wishes are also sent to: our little granddaughter, Telina Ladner, who will be two years old Monday and will celebrate with a party on Sunday; little Anne Courge, daughter of Mr. and Mrs. Bert Courge of Lakeshore, and the granddaughter of Mr. and Mrs. L. J. Breaux of White Cypress.

Congratulations to Jeremy Joseph Ladner and Tracy Lynn Cuevas and their families on their baptism. Jeremy is the son of Mr. and Mrs. Ross Ladner and his Godparents are A. W. Ladner and Freda Cuevas. Tracy Lynn is the daughter of Mr. and Mrs. Donald Cuevas and her Godparents are Ross Ladner and Judy Rawls. The two were baptised on Oct. 2 at St. Stephens in Delisle, Father Abram Dono officiating.

The families of Raymond and Wanda Necaise would like to thank all those who attended and helped with their recent wedding and reception.

We are glad to know little Shawn Ladner is home again after a visit to the hospital to have his tonsils removed. All his little friends in Kindergarten at Annunciation miss him.

Proud new parents in the

Agricultural chemicals fail to do job, AG says

Attorney General A. F. Summer today filed suit under the state's Consumer Protection Law against Traczo, Inc., and Consumers Discount Association for selling Mississippi farmers agricultural chemicals which do not work as claimed.

Products marketed by the company include a spray represented as a cotton insecticide to keep crops free of boll weevils, a liquid fertilizer nutrient solution to greatly increase plant growth, and a liquid lime, all of which, Summer charged, has little or no effect on crops.

Other products offered for sale were a "puddle penetrant" which claimed to be able to remove small ponds of water from fields, and an animal and poultry manure deodorizer.

The Consumer Protection Division of Summer's office estimated that approximately \$30,000 worth of the products had been sold so far in Mississippi.

The suit was filed in the Chancery Court in Covington

County, Collins, Mississippi, where a large number of sales were made and charged the Defendants with misrepresenting the characteristics, benefits, and chemical contents of the agricultural products.

Summer is seeking to halt further sales in the state and to require the company to make refunds to those farmers and consumers who purchased and incurred losses in their crops subsequent to using these products.

LIBRARY PREPARING Researchers in The University of Mississippi Library are preparing a biographical and bibliographical directory of Mississippi authors from 1817 to 1967. James Lloyd, editor of the project, expects the volume to contain about 1,500 entries when it is completed in 1979. In addition to financial support from the University, the project is being funded through the National Endowment for the Humanities.

The Sea Coast Echo county cultivator

Calf study results

More efficient reproduction is the most important concern in Mississippi's cattle industry," George Harris, Circle H Ranch, Wagon, told agribusinessmen, government officials and researchers in the recent Mississippi Agricultural and Forestry Experiment Station (MAFES) annual meeting at Mississippi State University.

Harris, noting that Mississippi's calf crop percentage is exceptionally low,

said that "increasing the size of our calf crop is a problem that needs immediate attention."

He also sees a pressing need for determining what size of beef cattle is best for the greatest dollar profit per acre. "We need this answer soon, before the industry goes too far in producing bigger and bigger animals," Harris emphasized. "Is there any relationship between size and reproductive efficiency? Is another question that should be answered."

EDS PROJECT
NO. 44-1-3337
SANITARY SEWER
EXTENSION
CITY OF
BAY ST. LOUIS,
MISSISSIPPI

Sealed bids for Sanitary Sewer Extension for the City of Bay St. Louis, Mississippi, will be received by the City Clerk at the office of the City Clerk, City Hall, City of Bay St. Louis, Mississippi, until the hour of 5:00 p.m., Monday, November 28, 1977, at which time they will be opened and read in public.

Sanitary Sewer Improvements consisting of construction of approximately 3400 linear feet of 8" zero gravity sewer line, approximately 3800 linear feet of 6" zero sewer force main, 12 sewer manholes, lift station, sheet piling, foundation lumber and roadway repair and furnishing all labor, tools, equipment, services and materials as is required for the completion of all work.

The Information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond, Performance and Payment Bond, and other contract documents may be examined at the following:

Office of Burk and Associates, Inc., Engineers, 4178 Canal Street, New Orleans, Louisiana 70119.

Office of City Clerk, City Hall, City of Bay St. Louis, Mississippi.

Copies may be obtained at the office of Burk and Associates, Inc., Engineers located at 4178 Canal Street and at the Office of City Clerk, City of Bay St. Louis, Mississippi.

upon payment of \$30.00 for each set. Any unsuccessful bidder, upon returning such set promptly and in good condition, will be refunded his payment, and any non-bidder upon so returning such a set will be refunded \$15.00.

The owner reserves the right to waive any informalities or to reject any or all bids.

Each bidder must deposit with his bid, security in the amount, form and subject to the conditions provided in the Information for Bidders.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within 30 days after the actual date of the opening thereof.

Published by Order of the Mayor, City of Bay St. Louis, November 8, 1977.

THE OLE

PASTOR SAYS...

DON'T FORGET YOUR CHURCH when you get paid! Your church offerings keep the church doors open and sustains her ministry. You would not want to live in a community where there were no Christian churches. Jesus Christ established the first New Testament church - the church at Jerusalem - during His personal ministry on earth. From this historic church came, directly or indirectly, all true churches. Not once did Christ forsake His churches, all their faults and human failures notwithstanding. Neither are we at liberty to forsake them.

Your church is the most important institution in your life, and that of your family and community. No community is any better than its churches. When you stumble she steadies; when you fall she lifts; when you suffer she consoles; when you go down in the valley she lightens the way.

Your church stands up for and defends the best interest of your home, your family and your business. She makes your home, your community, your state and nation, a better place in which to live and rear your family. From the dawn of history as a nation, it has been the historic churches which lead the way for better government, better education, better economic, physical and social standards. They have stood as a bastion against wrong and for higher moral values and spiritual perception. Bible-believing churches always lead in the battle for decency and points the way to God without respect of persons.

The Lord's churches have taught your civilization all it knows about Honesty, Love, Truth, Hope and Heaven. They exalt Christ, God's Son and Man's Saviour! Your church needs you, but most of all, you need your church! — L.S. Walker

VA will aid form fill out

J. L. Warnock, Jackson VA Center Director, said today that veterans and beneficiaries who desire assistance in completing Annual Income Questionnaires should visit or call Veterans Services Division at the Regional Office location in Southport Mall at 2350 Highway 80 West, Jackson, Mississippi.

The toll-free telephone number is 1-800-682-5270. Counselors are available to assist in completion of the forms Monday through Friday from 8:00 A.M. to 4:30 P.M. in the office and until 5:00 P.M. by telephone.

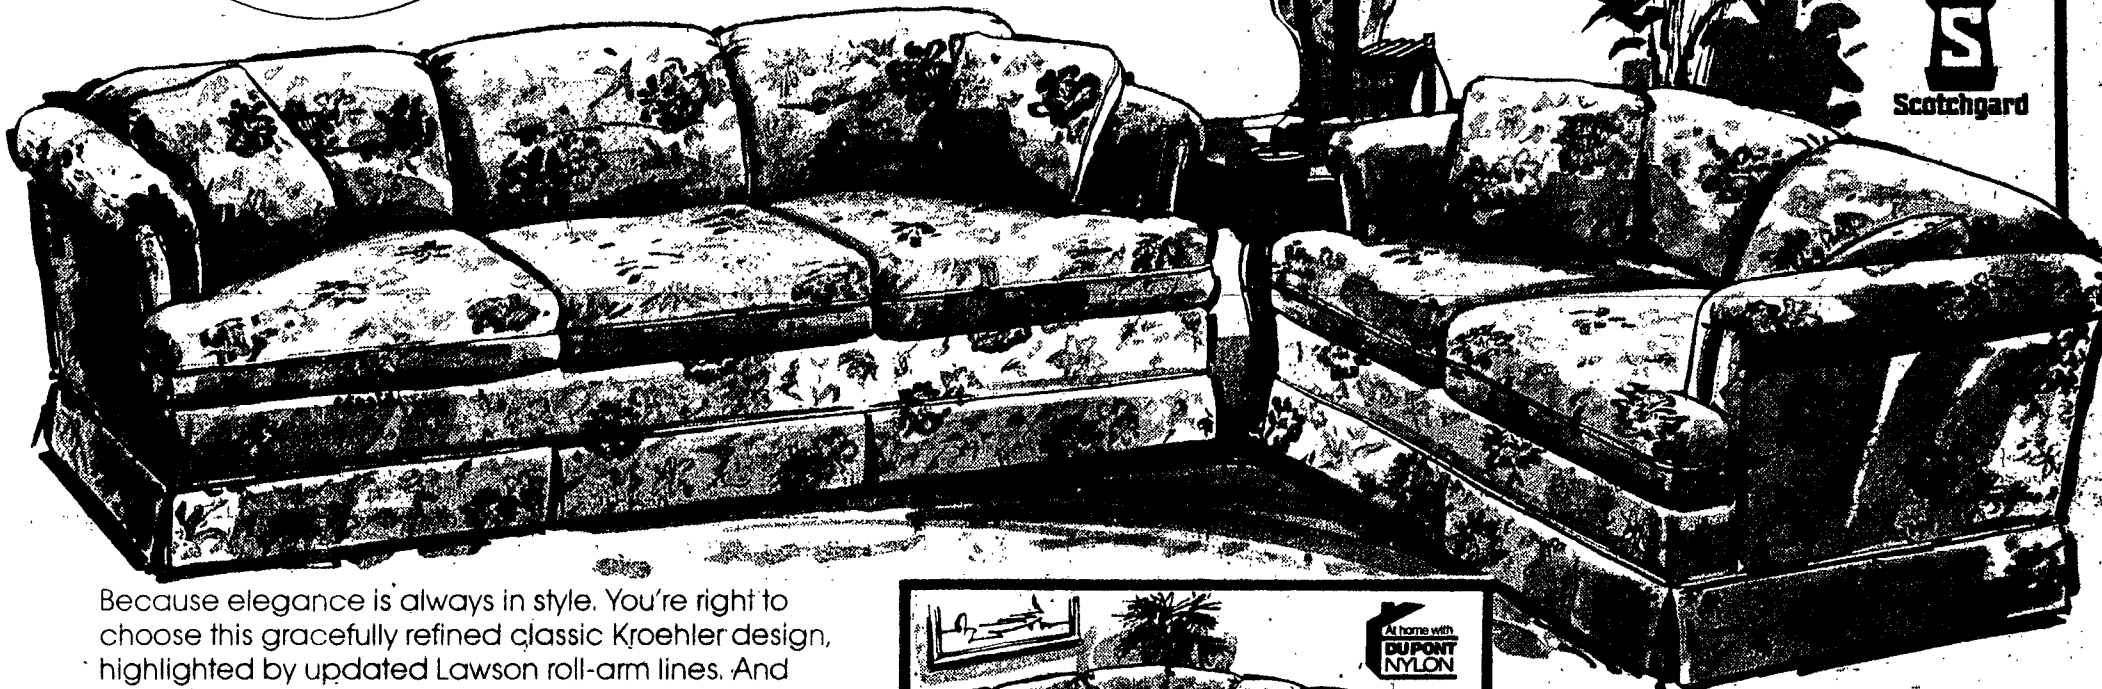

News in Brief

MY DEAR NELLIE
Civil War enthusiasts, romanticists, and novelists will now have the opportunity to get an intimate look at the lives of two Civil War residents who were separated during the war between the states, as the result of a new book, *My Dear Nellie*, Dr. William Rush and Lucy Somerville, both of Delta State University.

AT WHITFIELD FURNITURE

Comfy cozy. Our handsome Early American ensemble by Kroehler. It's trimmed in honey pine. It's super cushioned and button tufted. And it's the essence of practicality in floral print of rust and browns, protected with Scotchgard® stain repellent.

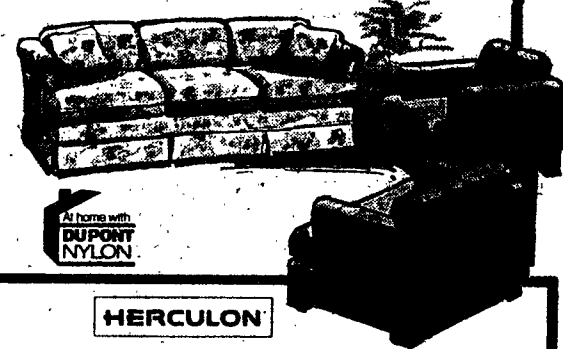

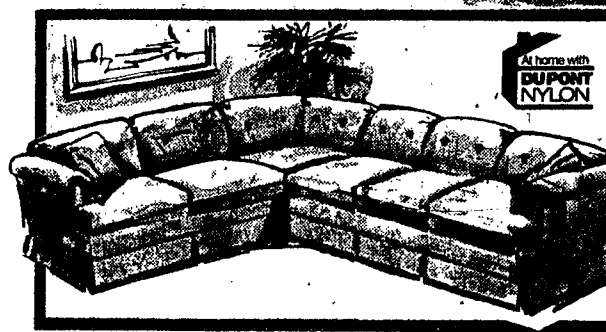

25% OFF

Value your leisure. Enjoy this supremely comfortable recliner.

Pamper yourself. With our handsome velvet touch recliner.

Citation
KROEHLER

Check out this super value. Smart Kroehler sofa and matching love seat offers contemporary styling. In durable Herculon® plaid. With comfortable waterfall T-cushions. Just add complementary brown velvet accent chairs, and invite guests.
